The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock markets. First deed of trust potes (first mortgages), well secured on real estate in the District of Columbia, constitute "glit edge" investments. They do not depend upon the financial responsibility of in-dividuals or corporations for their stability and are exempt from taxation as personal property. We can supply such invest-ments in amounts from \$500 upward. Bend for booklet, "Concerning Loans and In-vestments."
